Kidney and Bladder Trouble Causes Great Distress

It gives me great pleasure to recommend Dr. Kilmor's Swamp-Root to any one suffering from bladder trouble. For four years I was troubled by hemorrhoids from the bladder and was not able to get any doctor who could help me. I was in such a state of sleep at night was impossible on account of distressing symptoms. While reading over I would be stricken with such pain that it was impossible for me to straighten up. Mr. Henry, one of our leading druggists, advised Dr. Kilmor's Swamp-Root. Although I never had any faith in patent medicines, as a last resort I purchased a bottle of Swamp-Root. I noticed a decided change and after using two bottles I was completely cured. It seemed remarkable that I should be cured so quickly after being ill so long. But since this took place nearly two years ago, I have never been troubled and would highly advise any one suffering from the same trouble to at least give Swamp-Root a trial and I think the results will be the same as mine.

Yours very truly,
THOMAS J. KENNEDY,
Greensburg, Indiana.
Personally appeared before me this 14th day of February, 1932, Mr. T. A. Bennett, who subscribed the above statement and made oath that the same is true in substance and in fact.
L. A. BOWEN,
Notary Public.

BARNES CIRCUS PLEASES CROWDS

Is Clean, Wholesome Show and Introduces Many Novelties, Lions Fine.

The Al G. Barnes wild animal circus proved a treat at its two performances Monday afternoon and evening. The Barnes show has two rings and a steel cage in which the wild animal actors work in plain view of all the spectators.

The show goes with a bang and a precision which is the early season performance. Mr. Barnes has introduced a number of novel acts which have been seen in El Paso before and the work of the animal trainers in the steel cage, with their man eating actors is more than worth the admission price.

Twelve lions in cage. These wild animals came to a climax when the called lion tamer works 12 powerful, ferocious lions in the cage and is kept busy subduing them and keeping them under control and pistol to his bidding. This is a real thriller and it is not until he has taken his final bow and is out of the cage that the crowd breathes easy again.

Miss Martha Florine, the French woman who works the lion tamer, is another big novelty act and she has many scars to show for her daring. She closes her act by lying down on the cage and the lions, more than a dozen, are shown in the enclosed cage.

Lion Tableau. The animal act close with a tableau in which the women lion tamer is seated to the top of the tent on a platform with a great African lion. The lion tamer is seated on the top of the tent and the lion tamer is seated on the top of the tent and the lion tamer is seated on the top of the tent.

Happy Band. The Barnes circus has a good concert band which plays in the animal cage before the show opens while a male singer sings ballads to the audience. The concert band plays with the band at intervals and also leads the grand entry in which the entire troupe appears in a patriotic spectacle.

The Barnes circus is like one big family. Mr. Barnes, himself, in general charge and saw that everyone was treated and that everyone was happy. His employees are equally accommodating and there was none of the common show business attitude of "we are the only ones here."

Monday night the crowd was so large that there were not seats for hundreds who arrived late. Mr. Barnes was on the job, hustling orange boxes, wash tubs and straw for the overflow crowd to sit upon and saw that everyone who paid an admission price saw as much of the show as possible after the seals were all taken.

A. A. SHELTON IS LOST IN MEXICO

El Paso Cattleman Disappears at Zacatecas; Father Goes in Search of Him.

Mexico, the land of missing men, has swallowed another El Paso man. He is A. A. Shelton, who went to Zacatecas in August to purchase cattle for a local cattle company and who was heard from in Zacatecas on September 14. Monday night Shelton's father, M. L. Shelton, of Geronimo, Ariz., arrived here on his way to El Paso where he will cross the border and go to Zacatecas in an effort to locate his son or learn his fate.

Mr. Shelton says he fears his son has met with violence and, being unable to wait longer for definite news of his son, he is going to the interior in spite of the advice of the American consulate that conditions in the republic were not sufficiently quiet to warrant traveling in the interior by Americans.

Family Here. Shelton's wife and family live in El Paso and he was last here on Aug. 19 when he left on the cattle buying trip. His wife had a letter from him the latter part of August and the firm he was working for had the last news from him on Sept. 14. His father, last night, to secretary Robert Lansing, of the American state department, asking that an investigation be made of his son's disappearance. He is going to Mexico with letters and a safe conduct from Andres Garcia, Carranza consul in El Paso.

James Parker, another American cattleman who was last seen at Carrizal Grande in charge of a Villa soldier, has been there to bring out cattle for a local company and it is feared that he has been robbed and murdered.

LAUNCHING REPUBLICAN PRESIDENTIAL BOOMS
New York, Oct. 26.—From 12 to 15 boats for "favorite sons" will be launched at the Republican national convention next year and "anything is likely to happen" in the election.

This is the way in which James R. Reynolds, secretary of the Republican national committee, summed up the situation to chairman Chas. D. Hilles last night, after visiting 22 states.

Mr. Hilles said that Mr. Reynolds reported finding progressive returning to the Republican party in Illinois, Indiana, Kentucky, Michigan, Montana, Iowa and Minnesota. California Progressives, however, were reported to be standing steadily by their organization.

SCHMIDT TRIAL AGAIN DELAYED FOR A WEEK.
Los Angeles, Cal., Oct. 26.—Continuation of another week was granted for the trial of the man charged with the murder of Matthew A. Schmidt, charged with murder in connection with the dynamiting of the Los Angeles building, Oct. 1, 1930. The delay was requested by Nathan Cochran, one of the two attorneys selected as leading counsel for the defense, after the death of attorney Charles Fairall.

"In cases of neurasthenia, inquiry into coffee drinking," adds Dr. Otto Justen.

"I have seen hundreds of victims of this disease," continues Dr. Lessynsky, "among commercial travelers, brokers, merchants, actors, writers, and men connected with the news department of the daily papers."

"They usually complain of the following symptoms, which are more or less pronounced: headache, nervousness, apprehension in regard to some unknown impending trouble, mental depression and irritability, insomnia or restless sleep, head heaviness and sudden starting in sleep, awakening in profuse perspiration, general tremulousness and dimming of vision, muscular carillous palpitations, loss of appetite, and constipation."

NOTE.—It is a fact worthy of note that the American food-drink-instant Postum has come widely into popular use and favor with the recognition of the harmfulness of coffee. Postum has a flavor resembling old Java, but it is entirely free from caffeine or any other harmful ingredient.
